CHAIN LINK FENCING

Chain Link Fence fabric is a fencing material made of steel wire helically wound and inter woven in such a manner as to provide a continuous mesh without knots or ties except in the form of knuckling or twisting the ends of the wires to form the selvage of the fabric.

It is the latest in fencing material and is most economical concept in modern fencing. It lasts a lifetime and can be easily installed and reinstalled by securely affixing it to reinforced cement poles, angle iron poles, pipe poles or wooden poles.

It is manufactured in G.I. wire, PVC (Vinyl) Coated wire, Aluminum Alloy wire or Stainless Steel wire. The mesh size for fencing purpose varies from 1" to 4" mesh and from 14 gauge wire to 6 gauge wire. The height can be from 2ft to 14ft as suitable for application to application.

We at Saudagar Mal Mamman Lal Pvt. Ltd. manufacture Chain Link Fencing completely automatic both in square and diamond mesh. The packing can be in conventional rolls or compacted rolls.

Specifications

Chain Link Fencing is made from:

- **Galvanized Steel Wire (As per IS 2721)**
- **PVC Coated Steel wire (As per ASTM)**
in **Square Mesh & Diamond Mesh**

Square mesh with knuckled ends both sides.

Square mesh with barbs on one sides.

Square mesh with barbs on both sides.

Introducing

Mini Pack

Conventional Roll

Saudagar "MINI PACK"

Compact roll coiling-up arrangement

Saudagar Chain Link Fencing Compact Rolls have a volume of less than one third as compared to conventionally coiled fencing.

9 Non Compacted rolls

VS

20 Compacted rolls

It is all wrapped up in a small roll "MINI PACK"

The Compact rolls can be easily stacked; they do not slip and take up considerably less storage and transport space, which increases greatly the capacity of storage racks and goods vehicle.

Economical in stacking and transportation.

It is Economical

Why ?

- One truck load of Mini Pack Rolls Equals 'Two' Trucks loads of old style rolls.
- Easy handling for loading and unloading.
- Easy to transport
- Save storage space and shipping cost.

To unwrap the Saudagar Mini Pack

Step 1
Simply remove the wire bands...

Step 2
Cut the tape...

Step 3
Unwind the role...

Step 4
And expend it to its 15 mtr length.

We supply ancillary materials required for erection of Chain Link Fencing
